**COMMUNICATION AND COPY OF SUPPLEMENTAL
RULE 132 DECLARATION FROM DIVISIONAL APPLICATION**

Dear Sir:

In connection with a divisional application SN 08/468,880, it was noted in a declaration similar to that filed herein on April 19, 1995, that the values set forth on page 4, paragraph 7, in the column headed "Tensile Modulus," of the declaration filed herein, were incorrect.

A Supplemental Rule 132 Declaration was filed in the divisional application 08/468,880 to correct the error. A copy of the declaration is enclosed herewith to also correct the error in this application by setting forth correct values of Tensile Modulus for the fibers and indicating the nature of the error. It should be noted that the error related only to published information that was set forth.

Because the Rule 132 declarations submitted in this application as well as in the divisional application were to show the tenacity of the various fibers and

their cut-resistance, it is submitted that the error relating to tensile modulus was not relevant to the patentability of the claims on appeal.

Respectfully submitted,

Date: October 3, 1996

James G. Watterson
